OUR TEACHERS SHARE SOME CLASSROOM GRANT SUCCESS STORIES.

“ Students were excited to read; reading ability and vocabulary increased, struggling readers developed a passion for reading! ”

“ My grant helped my students participate in functional tasks. They were able to learn how to use different office supplies/equipment to perform job tasks. Participating in hands-on tasks helps them to develop their job skills and independence! ”

“ Students were able to do a hands-on lab vs. watching a video. Thanks So Much! ”
